PROFESSIONAL SUMMARY

Senior Frontend with 4+ years of experience building scalable, high-performance web applications across healthcare, government, and SaaS platforms. Specialized in React, Next.js, and TypeScript, with a strong focus on performance optimization, system architecture, and user experience. Proven track record in leading frontend teams, improving application performance, and delivering production-grade solutions used by thousands of users.

PROFESSIONAL EXPERIENCE

Senior Frontend Developer (Team Lead), ArachnoTechFZ LLC 06/2025 – Present | Dubai, Remote

- Led a full frontend refactor of a large-scale **React + TypeScript** application, improving maintainability and reducing technical debt
- Resolved complex **SSR/CSR hydration issues** in Next.js by ensuring consistent rendering between server and client
- Improved performance by implementing **code-splitting, lazy loading, and image optimization**, reducing initial load time by 25%
- Led and mentored a team of 4 frontend developers, conducting code reviews and enforcing best practices
- Built an **Electron** desktop application and helped deliver a platform used by **5 hospitals, 20+ clinics**, and supporting **150,000+ patients**.

Full Stack Developer, Bugaia 01/2024 – 04/2025 | Riyadh, Saudi Arabia

- Developed a user-friendly website for The General Authority of Civil Aviation using Next.js framework and Node.js / NestJS services for backend integration, delivering a scalable, high-performance government website.
- Recommended new technology integrations aligned with business goals
- Teamed on user-centric design strategy in the translation of UX and business requirements into coded solutions.
- Proficient in handling packages such as react-pdf and mos to enhance functionality and design in web development projects

Frontend Developer, Mootawer LTD 04/2023 – 12/2023 | London, UK

- updated old code bases to modern development standards using SSR (Server-Side Rendering) and SSG (Static Site Generation), resulting in a 20% improvement in performance.
- Launched the 'Apec' website, amassing a user base exceeding 1 million users
- Participated with PMs & POs on the Agile development frameworks like Scrum in sprint planning, daily scrums, and sprint retrospectives.

Frontend Developer, Freelancer 01/2022 – 11/2022 | Dubai, Remote

- Designed and developed an e-commerce SPA (**Wigme**) that **served 500,00+ users**; focused on mobile-first UX and checkout flow optimization.
- Designed and implemented secure RESTful APIs with NestJS, including JWT-based authentication and role-based access control (Admin/User).

EDUCATION

Master in Web science (Master Degree), Syrian Virtual University 01/2024 – 01/2026

Informatics Engineering Bachelor, University of Aleppo 01/2018 – 08/2023 | Aleppo, Syria

SKILLS

• React, Angular	• Next.js	• TypeScript	• Node.js NestJS
• RESTful API Development	• PostgreSQL	• Authentication & Authorization (JWT-based)	• Tailwind CSS
• SSR/SSG	• Redux Toolkit	• TanStack Query	• GraphQL
• Microfrontends	• Electron	• Jest	• Git
• CI/CD			

LANGUAGES

Arabic Native	English Fluent	German Conversational
